“An interactive workshop
designed to help develop
team players into team leaders!”

A stimulating and fun activity for school students!

All participants will be engaged mentally, physically and emotionally - the activities incorporate a pleasing element of fun and competition!

Students will display specific skills and competencies, develop team work and leadership ability and initiate thinking.

Course objectives:

To enhance and develop the following skills:

- **Project design**
- **Problem solving and creative thinking**
- **Team work and Leadership**
- **Delegation**
- **Giving and receiving feedback**
- **Group dynamics**
- **Innovation**
- **Expression of ideas**
- **Increasing self – esteem and confidence**

The set tasks encourage learning through:

- **Experience**
- **Questionnaires**
- **Discussion**
- **Evaluation**

These well constructed tasks provide a wonderful, non intrusive opportunity to observe and to evaluate participants as they work.

Those participating will be given the opportunity to display a full range of teamwork skills, particularly communicating, building on ideas and problem-solving, in order to achieve their set goals.

It is designed as a fun activity which students thoroughly enjoy!

This leadership course will be presented by our **fully qualified teachers**, in a relaxed and interactive style to encourage student input and to promote a diversity of ideas.

A school hall (or a room of 10m x 10m) is required for the activities.
